

KORIŠĆENJE N1MM ZA KTSCWC

1. Iz zipovanog fajla staviti KTSCWC NM.UDC (za takmičare koji nisu članovi CW kluba) a KTSCWC M.udc (za takmičare članove CW kluba) u folder *User defined contests*, (kod starijih verzija n1mm je u C:\Program Files\N1MM Logger\UserDefinedContests).
 2. “**KTSCWC.sec**” SEC File kao I “**CLANOVISCWC.txt**” Text Document, prekopirati I ubaciti u: **\SupportFiles**
 3. “**SCWC Call History.txt**” treba prekopirati u folder **\CallHistoryFiles**
 4. Pokrenuti N1MM i u meniju *File* odabrati *New log* in database i u spisku kontesta odabrati kontest koji se sada u najnovijoj verziji zove “KTSCWC NM” ili “KTSCWC M” u zavisnosti dali ste član kluba ili ne.
 5. U meniju Config čekirati Call Histoy lookup.
 6. Kliknuti na Import section list, čime je upisan txt fajl CLANOVISCWC, zatim u polje Sent exchange upisati *001 ako niste član kluba ili M + članski broj za članove kluba* (napr. M27) i naravno sve potvrditi sa OK
 7. Nakon toga u meniju FILE odabrati IMPORT pa potom IMPORT CALL HISTORY, tada se otvori folder C:\N1MM Logger u kome pronaći txt fajl SCWC Call History i potvrditi sa OPEN.
